

expander standard two bedroom

Affordable: A fraction of the price of traditional building methods. **Fast:** Timeframes that will really put a smile on your dial - weeks not months. **Tiny:** Importantly, where it matters - well over half of Tiny Home owners happily live mortgage free.

The SDGF Expander Range has an impressive list of standard features based on a 37 sqm "expanding" cabin design that can be set up almost anywhere. Own your brand new two bedroom home for even less than a deposit on traditional housing.

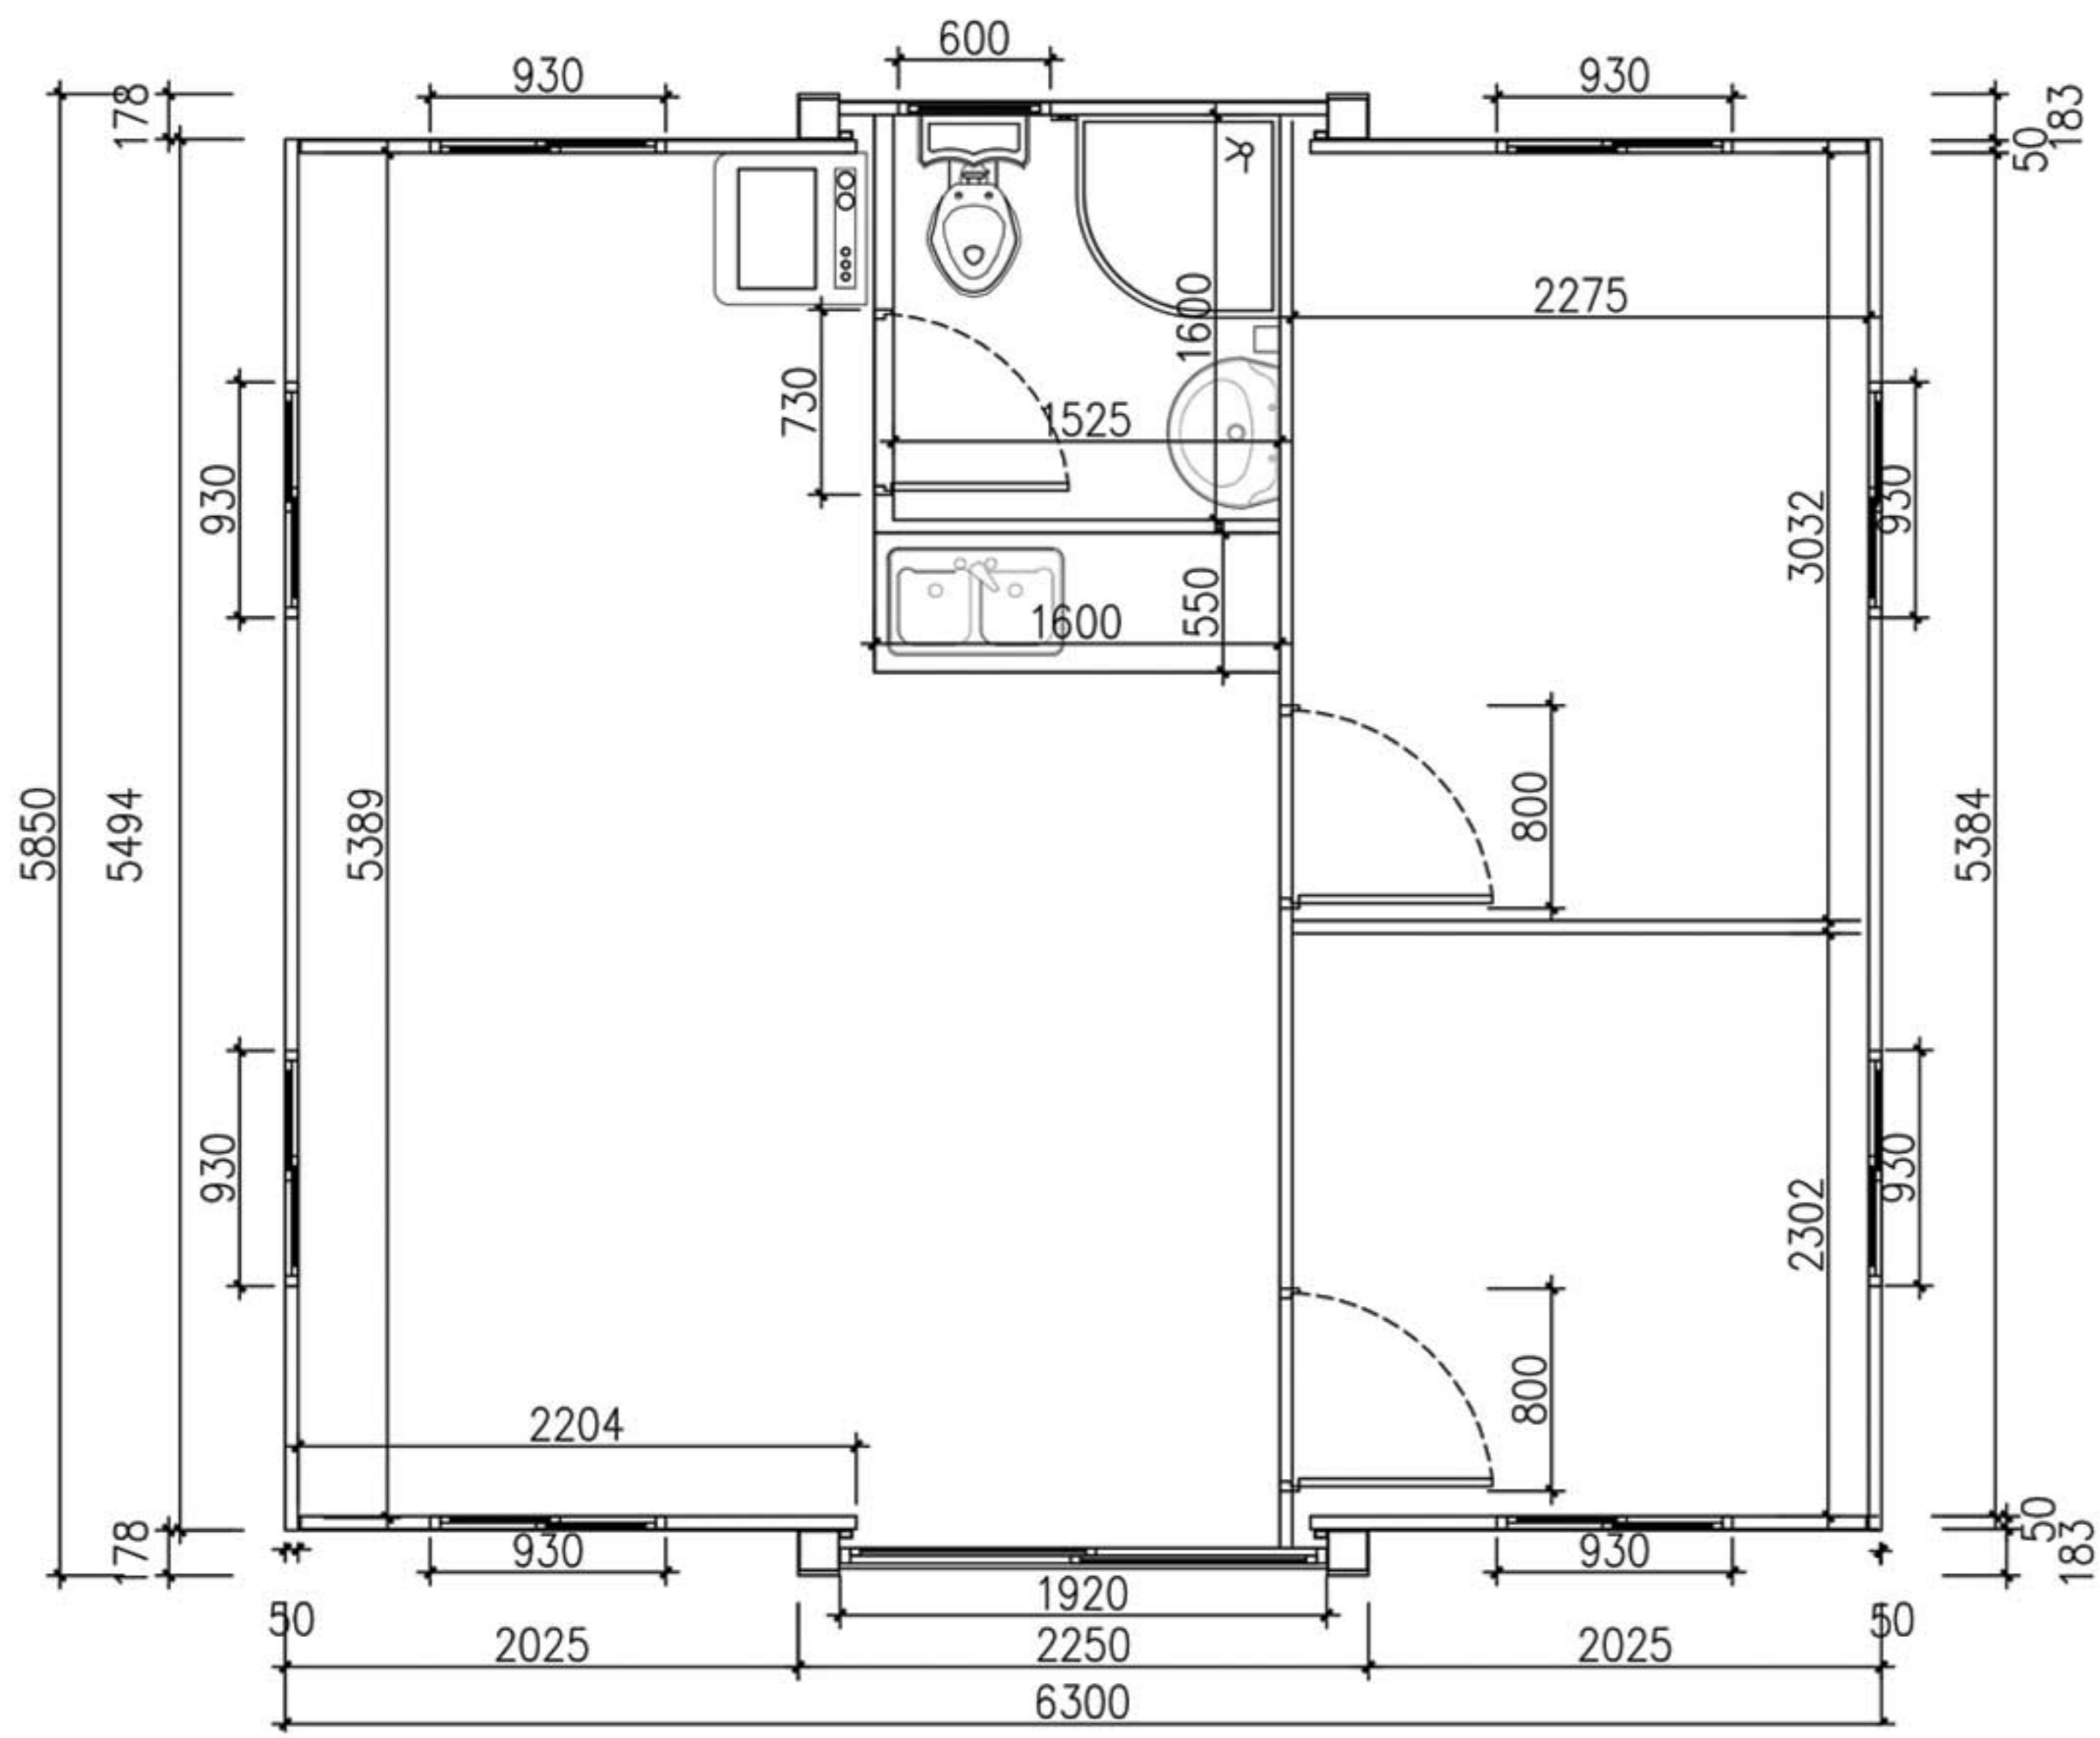

Standard features include:

- Easy set up/installation
- 50mm cool room panelling ~ walls and roof
- Fibreglass and steel sheet on roof
- Aluminium sliding doors
- Aluminium windows with fly screens
- SSA approved electrical fittings
- Fully plumbed bathroom/kitchenette
- Flip mixers in bathroom and kitchenette
- Soft close kitchen cabinets
- Quartz stone kitchen bench-tops
- Rail/rain maker shower head
- Soft close toilet lid
- Washing machine connection point
- Power connected by 15 amp lead
